## Equality \& Diversity Annual Report

## Foreword

On behalf of the University, I am pleased to present this year's Annual Report, covering the period April 1st 2022 - March 31st 2023, providing the relevant monitoring data and outlining our ongoing work and commitment at Cardiff Met aimed at meeting our ambitions set out within our Strategic Equality Plan 2020-24.

Our aspirations within the Strategic Equality Plan 2020-2024 are to improve Cardiff Met's equality and diversity profile, signalling our longterm commitment to champion equality of opportunity and promote effective and inclusive practice in Higher Education.

As a cross-cutting strategic agenda our Strategic Equality Plan is relevant to every student, internal and external stakeholder and staff member of the University. We acknowledge that it is an evolving document and we will review it to ensure it remains fit for purpose.

Professor Julia Longville
Chair of Equality, Diversity and Inclusion Committee Dean for Cardiff School of Education and Social Policy

## Introduction

The University places a great emphasis and value on Equality, Diversity and Inclusion (EDI) and we are committed to promoting and implementing best practice in EDI to provide a positive working and learning environment for our \#OneCardiffMet community.

We wish to ensure that Cardiff Met considers all aspects of equality, diversity and inclusion, ensuring that our policies and practices meet our statutory duties to support equality, diversity and inclusion, while also utilising sector best practice.

At Cardiff Met, we recognise the importance of the Welsh Language and are committed to ensuring that the Welsh and English languages are treated on a basis of equality when conducting our business in Wales. We aim to provide a culture where Welsh speaking staff, students and the public feel comfortable and confident in engaging with the University through the medium of Welsh.

Under the Specific Duties for Wales of the Equality Act 2010 Cardiff Met is required to produce a Strategic Equality Plan outlining equality objectives and to publish an annual monitoring report by the 31st March each year. The following report provides an overview of Cardiff Met's equality data for the period $1^{\text {st }}$ April $2022-31^{\text {st }}$ March 2023. In a stepchange from previous reporting periods and to ensure consistency across our data at Cardiff Met, we are utilising HESA staff and student 22/23 data.

## EDI Governance at Cardiff Met

## Board of Governors

The Board of Governors is made up of both external and internal members, with a lay majority; they have responsibility for the educational character and mission of our university, as well as having oversight of its activities.

Key functions of the Board include considering and approving our strategic plan, which sets our university's aims and objectives, and overseeing the financial, physical, and staffing strategies necessary to achieve this plan.

## Academic Board

The Academic Board is a Committee of the Board of Governors and is responsible for advising the Vice-Chancellor and the Board of Governors. The Academic Board is both the University's academic authority and its senior decision-making body for resources which support the University at a strategic level.

## University Executive Group

The University Executive Group (UEG) membership consists of the senior leadership team of the University and assists the Vice-Chancellor.

## Equality, Diversity and Inclusion Committee

The Equality, Diversity and Inclusion Committee's aim is to promote and advance equality, diversity and inclusion across the University. The committee provides assurance to Academic Board on the execution of this responsibility and has oversight of the University's Strategic Equality Plan. The committee brings together key stakeholders from across the University to monitor progress in meeting the Equality Act 2010 general duty and other relevant equality legislation, ensuring the delivery of strategic targets and objectives.

## Grievances and Disciplinaries 2022-23

Only formal grievances are recorded within People Services as a full and fair procedure in line with the ACAS Code must be followed for any formal grievance raised. The procedure followed will be taken into account if the case reaches an employment tribunal.

We have aimed to be as detailed as possible in presenting the data, but as figures are low enough to potentially identify individuals, we have not published this information and have not separated out the data by grievances or disciplinary.

In 2022/23 there were six formal grievances raised. There was 1 in relation to deception, 2 against a protected characteristic (sex and disability), 2 in relation to bullying and harassment, and 1 containing various elements.

In terms of outcomes and resolution, 2 grievances were not upheld, 2 partially upheld, and 2 are still ongoing.
People Services continue to monitor all cases and assess for any wider EDI issues.
