Friday 21st September 2018

8.45am PROMPT. Meet at Cardiff Crown Court for tour, talk and court case observation

Guidance notes

Please dress appropriately for Court. Smart dress code, no logos, trainers, etc. Please remember you are representing the university and the BPS accredited MSc programme.

We will be observing a court case. During the court case please do not talk (or whisper to each other) and make sure you turn your phone off (or onto silent). Once in the court room, you remain standing until the Judge invites you to be seated. Do not leave until invited to do so by the Judge or Usher. Keep any disruption to an *absolute minimum*.

Be aware that your presence may be intimidating for the defendant or witnesses. We will most likely be breaking into small groups, but the guidance remains the same.

Court hearings will stop at lunch time, at which time our Induction will be complete. If the court continue hearings into the afternoon, then you are welcome to stay after lunch for more observation (we will be staying if the courts do resume). It is worth bringing lunch, or money for lunch, if you would like to stay.
