| <p>Cardiff Metropolitan University intends to set fees for students entering full-time undergraduate higher education courses delivered on campus, and those continuing their course on campus, at each year's maximum level permitted by Welsh Government regulations. The University expects to increase fees charged to new and continuing students to match the maximum fee permitted by Welsh Government.</p> <p>Currently, the total fee for a student entering a three-year undergraduate degree in 2026/27 is £29,370 (£9,790 per year) and for entering a four-year degree would be £39,160 (£9,790 per year). The cost of both would rise in line with any Welsh Government increase to the maximum fee.</p> <p>Students undertaking a sandwich-year placement would be charged the maximum permitted level for that year (currently 20% of full tuition fee, or £1,955). Students undertaking a year abroad would be charged the maximum permitted level for that year (currently 15% of full tuition fee, or £1,465).</p> |                                                                                                                                                                                                                          |

Students entering their programme at a college partner will be charged the fee agreed with each college, which will be up to the maximum permitted level.

In its communications, the University aims to provide transparent and accessible information in a timely fashion. It follows the guidance provided by the Competition and Markets Authority and employs a variety of methods for communicating the fee levels, both annual levels and the aggregate level of fees paid by a student during the full duration of a course. The methods currently employed include websites, printed materials and information provided orally to prospective students. Communications are undertaken in line with the University's Student Charter, the University's Strategic Equality Plan and the Welsh Language Standards.

The following covers the methods used to communicate with prospective students before they enter the University, and it is intended that these will continue:

- Fee information is included in the Universities and Colleges Admissions Service (UCAS) Collection Tool, which is a direct link from various sections of the University's website.
- Fee information is prominent on the University's website, including links to information on funding options and financial support, additional charges, bursaries/scholarships, financial advice and welfare services, and student hardship support.
- Applicants are signposted to the web-based information on fees via their applicant acknowledgement email. Their offer correspondence includes a programme specification and communications refers to tuition fee information throughout the applicant journey.
- Confirmed applicants receive student planner/joining instructions on how to access key information about joining the University, i.e. enrolment, paying tuition fees etc.
- Student finance advice sessions are offered at all Open Days. These include details of financial support available to students as well as providing information on tuition fees.
- When undertaking Schools and College liaison activity, University staff signpost prospective students to where to find fee information.
- Schools in low participation neighbourhoods are invited to visit days/university taster days. The University provides these groups with focused student finance sessions providing information on the support available and tuition fees.
- Prospective students can access the University's Advice for Applicants webpages which include core pre-joining information on topics such as such as tuition fees and finance, accommodation, and student support services.
- Emails are sent at key points throughout the year to both enquirers and applicants highlighting key information about student finance, e.g. tuition fees, how and when to apply, Frequently Asked Questions, etc.

Course information webpages include links to information on fees and any additional costs. Additional costs apply to some courses for items such as materials/consumables, printing, field trips and other activities. The University and its college partners continue to strive to minimise the number and scale of any additional costs and to absorb them within the fee where reasonable. Additional costs are specific to individual courses. Details of additional costs will be available under the Student Finance and Tuition Fees section of the University's website, and the corresponding part of its franchised partners' websites.

Fee levels are confirmed to returning students through the enrolment process and resulting correspondence. Details remain on the University website as above. Changes will be communicated to returning students in the correspondence they receive from the University Registry Services in relation to enrolment, and will be signposted to the University website, Student Portal, and the Virtual Learning Environment as appropriate for full details. The Student Portal is the main repository for information while a student is studying at the University.

Students who wish to ask questions or seek clarification on changes to fees will be able to do so at the iZone, the University's 'one stop shop' for information on all aspects of student life. Additionally, our Money Advice Service will be available to students in financial difficulty and to students who have more general queries relating to budgeting or accessing financial support, including the University's Hardship Fund.

College partners offering courses leading to Cardiff Metropolitan University awards are required to mirror the quality and scope of the University's approach to the provision of information on fees to students.

## Authorisation of the fee limit statement (required for publication)

In authorising the fee limit statement applications, the governing body (or equivalent):

- i. has seen and considered appropriate evidence to support the declarations being made in this application;
- ii. confirms that there has been appropriate consultation with the student union or other representative bodies, both those studying at the provider and at other providers where education is delivered on its behalf, and therefore reflects the input of students on the proposed fee structures and their potential impact on access and inclusion
- iii. confirms that additional course costs (e.g. materials, field trips) are provided in accessible formats, such as course webpages or offer letters.
- iv. confirms that the information provided in this fee limit statement is accurate and current, at the time of writing, and is based on verifiable data;
- v. confirms that all qualifying courses to which statutory fee limits apply (either by the provider or on its behalf) and regardless of the level or location of the provision, has been taken into account in this statement;
- vi. understands that any financial commitments to students made in the fee limit statement, as approved by Medr, **must** be honoured;
- vii. confirms that it will maintain student support levels;
- viii. confirms that the provider will ensure that a copy of the fee limit statement can be made accessible to its students and prospective students in any reasonable format;
- ix. gives due consideration to any guidance published by Medr as it discharges its duties in relation to the Tertiary Education and Research (Wales) Act 2022
