Interview Information BSc (Hons) Podiatry

Thank you for your application to study Podiatry at Cardiff Metropolitan University. As part of our application process we would like to invite you to attend an on-campus interview as part of an Applicant Day; which will also include an opportunity to view the campus and facilities, attend a course talk as well as undertake accommodation tours, and discuss student finance options, as well as other activities.

The structured interview will last around 20-minutes and is designed to assess your suitability for a career as a registered Podiatrist and that your own values and behaviours are compatible with NHS employment. We are looking for candidates with an understanding of the role of the modern Podiatrist and a genuine interest and commitment to the profession, the public and the NHS. The interview will be undertaken by members of the Podiatry academic teaching team and NHS-practicing registered Podiatrists who are involved in student training.

The interview will take place on the Llandaff campus of the university on **Saturday 3rd February 2024**. You should aim to arrive at the university by **8.45 am**. We will send you further information in due course about the schedule of events including the activities on offer, and practical arrangements such as car parking. You will be free to leave by 1.00 pm. For any applicants who apply after this date, alternative arrangements will be made.

It is important that you make yourself available on this day, as we are unable to complete an assessment of your application without the information that we will obtain during the interview. We would be grateful if you could confirm as soon as possible via www.ucas.com/track that you are able to attend the interview on this date. It is most important that you respond as soon as possible to avoid unnecessary delays in the processing of your application through UCAS.

If you cannot attend the applicant interview on this date, then please email newstudent_interviews@cardiffmet.ac.uk or make contact with Admissions on **029 2041 6010**, so that alternate arrangements such as an online interview can be arranged. Also, if you have any particular learning or access needs, please indicate these in advance.

I look forward to meeting you.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'C. Gwynne'.

Dr Craig Gwynne PhD MSc BSc (Hons) FHEA.
Senior Lecturer in Podiatry & HCPC Registered Podiatrist
Admissions Tutor for BSc (Hons) Podiatry
