1. Welcome Letter from the Director of ITE and Professional Learning

Dear Student Teacher

We are very much looking forward to seeing you next academic year. We can confirm that the Cardiff Partnership ITE PGCE programmes will start on the following date:

Monday 12th September 2022

This is an exciting time to become a teacher. Having a cohort of student teachers through the covid-19 pandemic is essential. With this in mind, we have been working hard with Welsh Government, other Higher Education Institutions (HEI) providers in Wales and our partner schools to ensure that we continue to provide high quality ITE programmes that enable student teachers to meet the Qualified Teaching Standards (QTS). Our high-quality learning, teaching, school placements and student support services will continue to be delivered through a combination of on-campus and online delivery. In doing so we will ensure that all the learning outcomes and QTS standards for your programme can be fully met.

School Placement and Welsh Proficiency Forms

To assist us in organising your school placements and your University Welsh Development group, all students need to complete both forms listed below:

- **PGCE Primary Pathway:** [CSESP: PGCE Primary Placement Information Form 2022-23 / Ffurflen Gwybodaeth Lleoliad Cyntaf TAR Cynradd 2022-23](#)
- **PGCE Secondary Pathway:** [CSESP: PGCE Secondary Placement Information Form 2022-2023 / Ffurflen Gwybodaeth Lleoliad TAR Uwchradd 2022-23](#)

To be completed no later than **Friday 8th July**

- [CSESP: PGCE Primary and Secondary Welsh Proficiency Form 2022-2023 / YAPhCC: Ffurflen Rhuglder yn y Gymraeg TAR Cynradd ac Uwchradd 2022-2023](#) – both English and Welsh medium students need to complete the Welsh Proficiency Form.

This is the first of two packs of information that you will receive before the programme starts. The second pack will be available to you in August. Information on the online self-enrolment procedures will be included in the August pack, as will an outline of arrangements for the first week of the programme.

As a teacher educator you have an important role to play, we are really looking forward to meeting and working with you to inspire the future minds of Wales.

Dr Anna Bryant
Director of ITE and Professional Learning

2. The Cardiff Partnership for ITE | PGCE Additional Learning Needs (ALN) specialist school (optional placement)

After a successful pilot year, we are delighted to offer a clinical practice (CP) placement within a specialist ALN school setting in 2022/23. This will be the student teachers' second placement on the PGCE programme. As only a small number of placements will be available, student teachers who express an interest will be carefully selected through an application process.

When making your decision, please bear in mind that student teachers undertaking their second clinical practice in a specialist setting will not have the opportunity for Enrichment at the end of the programme. This is because the placement offers an enrichment in its own right and student teachers need to be given sufficient opportunity to meet the standards.

Specialist settings can include support for pupils with autism spectrum disorders, profound multiple learning difficulties, and other learning needs. If you are unsure of this terminology, please contact Kristina Kelly (KLKelly@cardiffmet.ac.uk) or Anne Hodgson (AHodgson2@cardiffmet.ac.uk) who will be happy to provide more detail.

There could also be a possibility that primary student teachers may find themselves teaching pupils outside of their chosen age phase due to the curriculum phase that the pupils are learning.

For Welsh medium speakers, please note that this placement option will be in an English medium setting.

Finally, whilst we are working hard with ALN specialist schools to secure a range of secondary subjects, it might not be possible to offer you this opportunity should we find that your subject specialism is not offered by our ALN schools.

If you would like to continue with your application, please click this link:

[CSESP: Additional Learning Needs/Special Educational Needs Application Form 2022-2023](#)

Please note, the closing date to submit your application is **Friday 29th July 2022**. Any applications received after this date will not be registered.

We will begin shortlisting applications after the above deadline, and will inform successful applicants via e-mail on Wednesday 14 September 2022.

We look forward to welcoming you to the Cardiff Partnership for ITE and look forward to receiving your application for this placement.

3. Welcome Letter from Admissions

Dear Student

Thank you for choosing to study at Cardiff Metropolitan University. Subject to you meeting any remaining conditions, we look forward to you commencing on our programme and welcoming you on **Monday 12th September 2022**; to start what is hoped, to be a rewarding and successful year for you as a student teacher. You are about to embark on a highly regarded, high quality, postgraduate programme and we look forward to working with you.

May I take this early opportunity of reminding you that the programme is full time and intensive. The university-based part of the Programme is assessed at Master's level allowing you to gain 60 Credits at M level/Level 7, which equates to one third of an MA qualification. The school experience element of the programme is undertaken at different schools and may well involve long journeys. Please note that some schools start as early as 8.00am. It is your responsibility to make the necessary arrangements to deal with any personal commitments, so that you can arrive at the school when required. Tutors cannot guarantee a placement close to where you live. Should a disability be declared, appropriate reasonable adjustments will be made based on recommendations from Cardiff Metropolitan University's Disability Department.

This is the first of two packs of information that you will receive before the Programme starts on **Monday 12th September 2022**. The second pack will be available to you in August. Information on the online self-enrolment procedures will be included in the August pack.

The August pack will contain the following information:

- Letter from Dean of Cardiff School of Education & Social Policy
- Code of Conduct and other Useful Information
- Further generic and subject-specific information

We look forward to welcoming you on **Monday 12th September** and, in the meantime, please do not hesitate to contact me on 029 2041 6010 should you need further information.

Yours faithfully

Ms Lisa Bowen
Head of Admissions

4. Important Information

- It is important that if, for whatever reason, you do not intend to take up the place offered, that you **inform either the relevant tutor or admissions by the end of August** in order that other applicants may not be prevented from having a place.
- You will need to contact the appropriate Student Finance depending on where you reside concerning the payment of the fees for the Programme and your Student Loan and complete the PN1 Form. Information concerning Student Finance is provided on our website at www.cardiffmet.ac.uk/finance and we recommend that you read this information and apply for assistance, if you have not already done so. You will receive confirmation of how much contribution you will receive towards your fees and the university will also receive confirmation of this once you have enrolled.
- Satisfactory police checks are required from all applicants for PGCE Programmes. Failure to undertake this will result in applicants being unable to commence the Programme. You should have received information relating to this with your original offer letter from us. If you have not undertaken this procedure, then please contact Admissions as soon as possible on 029 2041 6010 or askadmissions@cardiffmet.ac.uk.
- If the offer that you have received from UCAS is conditional on any academic qualifications e.g., degree, please can you send in **a copy of your results** when you receive them so we can confirm your place. All results can be emailed to newstudent_qualifications@cardiffmet.ac.uk.
- Should you change your address between the time of application and taking up a place on the Programme, please inform both UCAS and the Admissions Office at Cardiff Metropolitan University, so your records can be updated. If we are not informed of your new address, important information concerning the Programme will not be received by you.
- For information describing the procedures for applying for accommodation (Flats/Bedsits/Halls of Residence), please visit the Accommodation website: www.cardiffmet.ac.uk/accommodation; or contact them on 029 2041 6188.
- Registration for teaching is required through the appropriate General Teaching Council, for which there is a fee. If you intend working in Wales after you qualify, you will need to complete and submit an application form and registration fee through the Education Workforce Council who will visit the institution during your programme to assist you with this process.

6. A message from the Welsh Language Team

Dear Student / Annwyl fyfyrwr

Llongyfarchiadau! Congratulations on obtaining your place on the PGCE Programme at Cardiff Metropolitan University. As tutors on the Welsh Language Development element of the Programme we are offering Welsh Language support for you prior to the start of your training. This letter provides some suggestions for you to engage with over the coming months when the opportunity arises.

Please do not worry if you do not have any Welsh knowledge. We support students from complete beginners to fluent Welsh speakers. However, see below some ideas to support you before you arrive with us in September. Take every opportunity to read, speak and/or listen to Welsh in your home and community. If not living in Wales, make use of the internet and various apps which are available to start you on your Welsh Language journey.
