Introduction

Welcome to Cardiff Metropolitan University

Congratulations on starting your Cardiff Met Journey! We have put together a series of activities and events to help you get to know Cardiff Met, connect with your programme of study, and meet staff and other students.

Welcome Week provides you with the opportunity to settle into Cardiff Met and to get involved with your programme of study right from the start. During Welcome Week you will be involved in a group project which will provide you with a taste of what you can expect during your studies at Cardiff Met. You will also be able to:

1. Meet your Personal Tutor, Programme Director, and fellow students.
2. Attend social activities and events on campus.
3. Work on a group project and present findings back to programme team.
4. Get to know the Cardiff Met campuses and surrounding areas.
5. Find out what services we have available to support you on your Cardiff Met journey.

When you turn up for your first day you will meet your Personal Tutor who will provide academic support and guidance during your time of study at Cardiff Met. They will also give you your Cardiff Met student card - as long as you've uploaded your photograph!

Please make sure that you attend the activities planned by your programme during Welcome Week, so you are prepared to start your Cardiff Met journey.

Finally, I hope you enjoy your time studying at Cardiff Met and I look forward to meeting you during Welcome Week.

Yours sincerely,
Dr Amanda Squire
Programme Director

Essential Information

Programme Details

Congratulations on gaining a place on our undergraduate Dietetics programme. On behalf of your programme team, I would like to welcome you to the start of your undergraduate studies here in the Cardiff School of Sport & Health Sciences. The Dietetics course is accredited by the HCPC and validated by the British Dietetic Association. Teaching will be provided by experienced staff, with high levels of teaching experience and professional knowledge. Undergraduate study always involves teaching in a variety of different group sizes and we hope that this lends itself to creating a friendly and nurturing atmosphere in which to further your knowledge. Please get involved with the possibilities that are presented during your UG programme and from the broader University community of which you are a part.

Cardiff Metropolitan University has been training undergraduate Dietitians since 1962; the PG Diploma in Dietetics programme in 1996. Students graduating with the award are eligible to apply to the HCPC to register as a dietitian. The NHS Wales commissions the number of bursary places available each year based on workforce planning needs in Wales. The programme is three years long and currently includes three periods of clinical placements within the NHS. Dietitians can work in a variety of specialist areas within the NHS in the acute or community setting. We look forward to developing your skills and knowledge base to enable you to become a qualified health professional.

Welcome Week

What to expect

During the week you will complete a project, which you will undertake with a group of other new students from your programme, supported by staff and current students who are on your programme. There will also be lots of help from the other university services, showing some great tools and techniques you can use to make your project a success.

At the end of the week, we will also give you some feedback on the strengths of your group's approach, sharing and celebrating what we have discovered together.

There will be an introduction to your new School and Programme and lots of fun activities to help you meet new people.

You will need to complete a bit of administration and check-in with your programme, so we know who is doing what, and when. You will also need to complete any outstanding enrolment matters, pick up Students' Union cards, and touch base with any specialised support services that you need.

Here's what Cardiff Met students enjoyed about Welcome Week

"Helped me settle in and took the pressure off travelling to a new place"

"The group projects to find out about our peers was a nice way of getting to know everyone"

"Helpful to chat informally to the Programme Director and chat about random things to help settle in".

Programme Activities and Project

During Welcome Week you will have the opportunity to complete a small project to help you transition into Higher Education and introduce you to your programme. The programme team will share the project brief with you at the start of the week and guide you through the process. You will share the project to staff and other students at the end of the week.

Freshers' Fayre

The Freshers' Fayre, organised by the [Students' Union](#), is your first chance to meet all our [SU Societies](#), [SU Sports Teams](#) and of course a chance to grab all manner of freebies from our commercial partners! The fayre is an all-day event taking place on Wednesday within NIAC on the Cyncoed campus! It is one of the highlights of the Freshers calendar and one of the only times during your university journey that every student from all Cardiff Met schools will be in the same place!

Head over to the [Cardiff Met Students' Union website](#) for up-to-date information on events, societies, support and more.

Welcome Week Activities (Foundation and Undergraduate)

During Welcome Week you will have the opportunity to:

- Attend a welcome meeting with your Programme Director and meet the team, where they will provide an introduction and outline expectations.
- Meet other students on your programme of study.
- Meet your Personal Tutor.
- Take part in a welcome week project with other students on your programme of study and present the findings from your project to staff and peers.
- Familiarise yourself with the campus.
